Biography and Portraits.

The LIFE of JOHN SEBASTIAN BACH, with a Critical View of his Compositions, and Musical Examples; translated from the German of the celebrated Dr. FORKEL, Author of the History of Music, 8vo. price 6*s.* bds.

Considered as a specimen of interesting Biography, the Life of the immortal Bach, written by so celebrated a character as the late Dr. Forkel, may fairly be ranked with the lives of Hadyn and Mozart, but as a Manual of Musical Instruction (both to the Composer and Performer) its value is far greater, as Bach is universally allowed to have been the first writer in the strict and most learned style of Musical Composition.

PORTRAITS of EMINENT FOREIGN COMPOSERS, accompanied with Biographical Notices. Three Numbers of this Work are ready, each containing a finely-engraved Portrait, accompanied with about two pages of Letter-press, beautifully printed and hot-pressed. Price of each Number neatly done up in Wrappers, 6*s.* Proofs, on India paper, 8*s.*

No. 1.—BEETHOVEN.

2.—MOZART.

3.—HAYDN.

The above Portraits may be had without the Letter-press, price 3*s.* each.
